I had to give a presentation to a group of other Business owners, so I engaged Jenni to coach me with this. Jenni taught me some new skills and helped me with not only structuring my presentation but in the delivery of it as well. With the practice we did together, when it came time for the presentation, I found it flowed well and I was able to slow down and be relaxed with it. I was most definitely more confident too. I still use the skills learnt with Jenni in other presentations formal and non formal to help grow my business. *Business Owner Mathew Phipps- 2009*

With my work I have to do many presentations. I was feeling a bit stuck and wanted to renew and improve my skills. Jenni really helped me with this. Specific benefits I got from working with Jenni were more confidence, how to structure my presentation for more effect as well as learning new tips and techniques to improve the delivery. I would recommend Jenni's speaking skills coaching to anyone wanting to improve their presentations, confidence, sales and results. Thank You Jenni *T Trzan - North Shore*
